We know that this is the best DISC HARROW in the world! It cost us considerable money and three years time spent fooling with other Harrows to find out this. We give you the information gratis. This Harrow has thirteen diese—swend diese in one gang and six in the other. Throw the gangs in any position hard it is to hold into lardow what a mean furrow it makes—how your points you please, on either side of the hill or any angle of a cross-cut and this seventh briefs.—how the hold is to hold into lading the fine. But our troubles all cutting out all the center. This Harrow has no neck weight, runs light and, owing to the patent method of hanglig the ganges, literally lears the ground all interlock-dovetail on to Standard. You never break a bott on a Vulean loop hand; it is the strongest and best made Harrow on earth, weighing 625 promise. We can show you voluntary testimonials from the best farmers in this country! Nort make a mistake but buy an up-to-date llarrow.

We have just received a carload of them and can name the lowest price on record!

FARM WAGONS! We experimented with FARM WAGONS eight years before we found one to suit us. At last we found 'way down year old bickery—bubs of Pennsylvania black birch—all woodwork dipped in bot linesed oil—swelled tires put on perfectly cold—boxings put in bubs without any wedges—froned very heavy—built in proportion and perfectly bainced. This Wagon russ like a baggy! This Wagon is called FLORENCE after the town in which it is made. We have patent brake on this Wagon, hung from rods on both sules, thus bringing direct pressure upon each wheel in locking. We buy these Wagons in the carload lots and quote the lowest price on earth. OKLY \$17.25 for Two-horse Wagon complete with Bed, fazy back Spring Seat, anti-spreaders, and Fatent Brake—brake your Wagon from both right and left-hand side.

### THE GOVERNMENT OF CUBA.

WASHINGTON, March 11.-The admir tration is contemplating a change istration is contemplating changes in the contemplating changes of the contemplating changes of the contemplating changes of the sistend of Cobe. It is probable that the military government will, to a certain extent, be replaced with to a certain extent, be replaced with cell government mass, of course, remain military, but the change in contemplation is to have civil officers in place of military men in the cabinet and aubordinate positions. It is believed that exports in different lines, such as finance and revenue, and in the management of much of the business of title finance and revenue, and in the magement of much of the business of taland and the different municipalities will get along more smoothly than it army officers. It is said that the of cera, being brought up under strimilitary discipling, hold not only it statutes, but the army rules and registations as the guide in all things, which civilian officers would hold the strength of the contract of the ues as the supreme guide and endoav or to get along under them in the bes-manner possible and with more diplo-macy than is possessed by the army men. It is not known whether the contemplated change has reached a point further than discussion in the war department and with the presi-dent but its advantages, here, here
